VAN SEZ:

Did you know that a pound of feathers weighs more than a pound of gold? The difference is in the type weight used.

There is a difference in carpet weights, too. This difference in weight causes a difference in the life of your floor covering . . . and conversely, causes a difference in price. To get the facts on this call us . . . Today!

International Affairs Top Junior Club News

International affairs aren't top secret at the Torrance Junior Woman's Club CFWC.

A schedule of events for the coming club year is the talk of the group. Three main invocations are planned with Mrs. Joseph Boylan, international affairs chairman ready eyeing 1960 conference awards.

First and the newest addition to the club's activities is the planned "Language of the Month" program, with Mrs. Virginia Waters, provisional member in charge.

Hello and goodbye in twelve different languages will be taught club members. At each meeting Mrs. Waters will wear a sandwich board with the month's foreign greeting advertised in bold letters.

Club newsletters and posted bulletins will keep the collection up to date. The project a courtesy to expected foreign visitors will be an aid to international understanding says Mrs. Boylan.

"Magazines for Friendship" will again be emphasized. Magazines from the Wall Street Journal to the latest in fashions will be sent to other countries. Mrs. Walters will also take care of the plans for this project.

Another activity on the list is a result of the success of the Magazine program. An international library, composed of books and magazines received by Mrs. Boylan will be available to elementary schools and other groups in the area. The growing library already includes material from West Africa, Turkey and Germany. The library is especially valuable as the material is written in the countries it is about, states Mrs. Boylan.

Mrs. Donald DeCuir will be in charge of contacting the schools and making arrangements for the loans.

A sister city exchange of per-

sonal scrapbooks will be the third new club project.

Members of the club will include snapshots of favorite recipes in the scrapbook, giving as accurate as possible picture of the way they and their families live.

The most interesting and representative scrapbook will be awarded at the end of the year.

Other plans of the International Affairs program include all out support of Care and Nylons for Japanese war widows.

AMERICAN FAMILY SCRAPBOOK—Mrs. Joseph J. Boylan, international affairs chairman, and Mrs. Kenneth M. Boulter, president, Torrance Juniors, work on scrapbooks they will send to Konya to show how an average family lives in America.

Temple Sisters Plan Get-Acquainted-Tea

In an atmosphere of pink femininity, the Sisterhood of Temple Menorah will act as hostess to current and prospective members whom it will fete at a tea at the Torrance Woman's Club, 1422 Engracia, Wednesday, at 1:30 p.m.

The women in charge of the affair have planned an afternoon of casual getting acquainted with a program of tableaus based on a Mother Goose parody. The program will introduce the committee chairmen for the coming year.

Guests will be informed of the functions of each Sisterhood committee. Rabbi Henri Front and Mrs. Gene Kaufman, president of the Sisterhood will be introduced. Over 400 invitations have been extended, said Mrs. Joseph Cohen, chairman of the tea.

The theme this year will be "New Frontiers in Sisterhood" and will be reflected in the decorations of the tea. The four facets of the Sisterhood program are religious, family, culture and social.

Mrs. Joseph Cohen, chairman for the fete has as her aides: Mmes. Jack Bozeman, refreshments; Joseph DiLuzio and Martin Simon, decorations; Edward London, publicity; George Nedleman, floral arrangements; Roy

Halpern, Herb Phillips, Ilud Pascual, Herb Rosen and Melvin Schumacher, invitations; and Joseph Cohen, entertainment.

Residents of the South Bay area are asked to contact Mrs. Joseph Cohen, FR 8-2502, if they know of any prospective South Bayans who would be interested in attending the tea as guests of the organization.

Chemist Gives Altrusa Club Plant Tour

Making a can of paint is just like making a delicate cake.

That was the statement made by Mrs. Irene Davidson, chemist and the president of the Torrance Altrusa Club when she treated club members to a recent tour of the Standard Brands Paints Co. A part of the laboratory group at the paint manufacturing company, Mrs. Davidson explained how a formula or recipe is used in mixing a batch of paint.

Just as in making a cake, the paint "mix" is put into a mixer following the measuring of ingredients.

The end result of the step by step job is canned, labeled and ready to go, just a couple of hours ahead of the sales, Mrs. Davidson explained.

Following the guided tour, members of the club and their guest, Mrs. Winifred Clouch were served coffee and dessert.
